

Mrs Hills-Matthews' Tasty Seed Cakes for Garden Birds

Makes around 6-8 bird feeders depending on size of cup

1 Packet of softened lard

1 Cup of sunflower seeds

1 Cup of millet/linseeds

3 Cups of mixed birdseeds

1-2 cups of ground corn

Sprinkling of cranberries, broken biscuits, sultanas and raisins

Press into a paper cup and allow to cool and harden.

When ready, carefully using a knife to maintain the cup rim, cut slots in the cup downwards to peel out like petals so the birds can feed on the contents.

Tie a string through the slots across the cup to make a hanger.
